

Subject: Better Storage Protection Available – Your Current Insurance Expires Soon

Dear [Tenant FirstName],

There's a Smarter Way to Protect Your Stored Belongings

We're reaching out because your insurance declaration page expires in **10 days**—and this might be the perfect time to discover why so many [Facility Name] tenants are switching to **TPP Secure Protection**.

If you've been dealing with high insurance deductibles, premium increases after claims, or uncertainty about whether your homeowner's policy actually covers storage, there's a better solution designed specifically for you.

Why Tenants Are Choosing TPP Secure Protection

1. Costs Less Than Most Insurance Deductibles

At just **\$12/month** (\$0.40 per day), TPP Secure Protection costs less than a typical \$500-\$1,000 insurance deductible. And unlike traditional insurance, TPP Secure has **zero deductible**—coverage starts from dollar one when you need it.

2. Protects Your Personal Insurance from Premium Hikes

Here's what most tenants don't realize: filing even a minor claim with your homeowner's or renter's insurance can trigger premium increases that cost you hundreds of dollars per year for the next 3-5 years.

With TPP Secure Protection, filing a claim **never affects your personal insurance**. Your homeowner's or renter's policy stays completely separate—no premium increases, no impact on your claims history.

3. Full Replacement Value—Not What Your Items Used to Be Worth

TPP Secure pays what it costs to replace your items **today**. No depreciation calculations. No arguments about "actual cash value." You get what you need to actually replace your belongings.

4. Built for Self-Storage—No Coverage Gaps

Many homeowner's and renter's policies exclude, limit, or complicate coverage for items stored offsite. TPP Secure Protection is designed exclusively for self-storage, covering the real threats:

- Fire and explosion
- Theft and burglary
- Water damage
- Windstorms and building collapse
- Vandalism
- Rodent damage (up to \$500)

5. Claims Made Simple

File 24/7 at **TPPClaims.com** with a dedicated U.S.-based claims team. No waiting months for reimbursements. No complicated processes. TPP Secure has been named **Inside Self-Storage "Best of Business Tenant Protection Program"** for eight consecutive years because they deliver when it matters.

6. No Long-Term Commitment

Need to cancel? You can do so anytime. Your protection automatically ends when your rental ends—no hidden fees or hassles.

Do the Math: Many tenants save money by switching to TPP Secure Protection at \$144/year instead of risking a single claim that raises their homeowner's insurance premiums by \$200-500 per year for years to come.

Need more coverage? Upgrade anytime:

- **\$3,000 protection** – \$15/month
 - **\$5,000 protection** – \$21/month
