

Subject: Action Required: Your Storage Insurance Requirement Is Incomplete

Dear [Tenant Name],

Your Storage Unit Needs Insurance Coverage Immediately

Our records show you currently have **no active insurance coverage** on file for your stored belongings. Your lease requires continuous insurance protection, and we need to resolve this within **10 days** to keep your account in compliance.

The fastest, easiest solution? **TPP Secure Protection**—purpose-built coverage designed specifically for self-storage at just \$12/month.

Why TPP Secure Protection Is Your Best Option

1. Instant Coverage—No Waiting, No Hassle

Simply confirm enrollment and you're protected immediately. No applications, no underwriting, no delays. Your belongings are covered today.

2. Costs Less Than Your Insurance Deductible

At **\$12/month** (\$0.40 per day), TPP Secure Protection costs a fraction of most \$500-\$1,000 insurance deductibles. And unlike traditional insurance, TPP Secure has **zero deductible**—full coverage from dollar one.

3. Protects Your Personal Insurance

Filing a TPP Secure claim never affects your homeowner's or renter's insurance premiums. Your personal policies stay completely separate with no rate increases or claims history impact.

4. Full Replacement Cost

TPP Secure pays what it costs to replace your items today—not their depreciated value. You get what you need to actually replace your belongings.

5. Built Specifically for Storage Units

Many homeowner's and renter's policies exclude or limit offsite storage coverage. TPP Secure Protection covers the real threats:

- Fire and explosion

- Theft and burglary
- Water damage
- Windstorms and building collapse
- Vandalism
- Rodent damage (up to \$500)

6. Fast Claims, No Red Tape
